"There's nothing quite like a genuine **Timberline® High Definition®** roof!"

**GAF**

## What's the secret to the striking look of a Timberline® High Definition® roof?

Timberline® High Definition® shingles are unlike any others, thanks to our patented High Definition® shadow bands (U.S. Patent No. 5,666,776). Each shadow band is applied using a sophisticated, computer-controlled "feathering" technique. When combined with our randomly-blended top layer, it results in a shingle with exceptional depth and dimension—and a **striking look unmatched by any other brand.**

But don't just take our word for it. See for yourself. When you compare Timberline® High Definition® shingles to typical architectural shingles, it's easy to see why they'll look sharper and more beautiful on your roof—while enhancing the resale value of your home.

## See the difference...

*Timberline® High Definition® Shingles*

*Another Major Brand*

*The color blends on Timberline® High Definition® shingles (top) are sharp and well defined—to give your roof maximum dimensionality and depth.*

**But great performance is only half the story.** Choosing Timberline® shingles will not only protect your most valuable asset — they'll beautify your home for years to come. In fact, an independent research firm surveyed homeowners about the brand of architectural shingles they preferred. The result: more homeowners preferred the look of Timberline® shingles to the other leading brands! So why settle for anything less than a genuine Timberline® roof?

LIFETIME HIGH DEFINITION<sup>®</sup> SHINGLES

(formerly called Timberline<sup>®</sup> Prestige<sup>®</sup> 30)

## “Value And Performance In A Genuine Wood Shake Look”

### for HOMEOWNERS

- **Great Value...** Architecturally stylish but practically priced—with a lifetime ltd. warranty.
- **Beautiful Look...** Features GAF's patented “High Definition” color blends and enhanced shadow effect for a genuine wood shake look.
- **Safer...** Class A fire rating from Underwriters Laboratories, the highest rating possible.
- **High Performance...** Designed with Advanced Protection<sup>™</sup> technology, which minimizes the use of natural resources while providing superior protection for your home (visit [www.gaf.com/aps](http://www.gaf.com/aps) to learn more).
- **Stays In Place...** Dura Grip<sup>®</sup> adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles warranted to withstand winds up to 130 mph.<sup>1</sup>
- **Peace Of Mind...** Lifetime ltd. transferable warranty with Smart Choice<sup>®</sup> Protection (non-prorated material and installation labor coverage) for the first ten years.<sup>2</sup>
- **Perfect Finishing Touch...** Use premium **Timbertex**<sup>®</sup> ridge cap shingles (in the West, use premium Ridglass<sup>®</sup> ridge cap shingles).

### for PROFESSIONALS

- **More Referrals...** People will know that you're installing America's #1-selling laminated shingles!
- **Less Chance Of Call-Backs...** Durable, wind-resistant shingles carry 130 mph ltd. wind coverage!<sup>1</sup>

<sup>1</sup> This wind coverage requires special installation; see ltd. warranty for details.

<sup>2</sup> See ltd. warranty for complete coverage and restrictions. The word “lifetime” means for as long as the original owner (or the second owner, if the warranty was properly transferred during the Smart Choice<sup>®</sup> protection period) owns the property where the shingles were installed.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

## The many layers of a **Timberline®** Shingle

**Diamond Cut™ Granules...**  
Multi-faceted design and light-reflective construction add dimension and depth to the shingle

**UV Blocker (Granules)...**  
Protects against damaging sunlight which improves the durability and extends the life of the shingle

**Color Lock™ Ceramic Firing (Granules)...** Maintains the true color of the shingle longer

**Dura Grip® Adhesive...** Locks the shingles in place on the roof, gripping tight in even strong gale force winds

**SpecSelect Grading System (Asphalt)...** Use of finest quality asphalt improves weathering in harsh conditions

**Micro Weave® Core...** Offers a superior strength foundation that resists cracking and splitting

**FiberTech® Components (Core)...** Incorporates fibers that are non-combustible, providing a UL Class A fire rating

## Specifications

13 1/4" x 39 3/8"

- Fiberglass asphalt shingle
- Lifetime ltd. transferable warranty<sup>1</sup>
- Smart Choice® protection for the first 10 years<sup>1</sup>
- 130 mph ltd. wind coverage<sup>2</sup>
- Listed Class A Fire – UL 790
- Passes ASTM D7158, Class H
- ASTM D3161 Type 1, Class F
- StainGuard® algae discoloration ltd. warranty (available in most areas)
- ENERGY STAR® Qualified (white only)
- CSA A123.5-98<sup>5</sup>
- ASTM D3018 Type 1
- ASTM D3462<sup>4</sup>
- Dade County approved<sup>3</sup>
- Florida Building Code approved
- Texas Department of Insurance approved<sup>3</sup>
- ICC approved<sup>3</sup>
- Approximately 64 Pieces/Sq.
- Approximately 4 Bundles/Square

## SEAL-A-RIDGE® – Protective Ridge Cap Shingles

Seal-A-Ridge® Protective Ridge Cap Shingles Will Help:

- Protect high-stress areas of your roof (the hips and ridges)
- Provide a high-quality and less labor-intensive alternative to using cut-up strip shingles as your ridge cap

### Product Specifications

#### Standard Seal-A-Ridge® Ridge Cap Shingles

- Fiberglass asphalt design
- 6 2/3" (169 mm) exposure
- Approx. 12" (305 mm) wide
- 4 bundles cover approx. 100 lineal feet (30 lm)
- Approx. 45 pieces per bundle
- UL Listed to ANSI/UL 790 Class A
- Meets ASTM D3462
- ICC-ES ESR-1475 and ICC-ES ESR-3267
- Miami-Dade County Product Control Approved
- State of Florida approved

## TIMBER TEX® – Premium Ridge Cap Shingles

A Distinctive And Protective Premium Ridge Cap Shingle Will:

- Match the performance of your new roof (unlike using typical 20- or 25-year cut-up strip shingles as your ridge cap)
- Accentuate the natural beauty of your newly installed architectural shingle roof (or even add dimension and depth to a strip shingle roof)
- Offer multi-layer protection at the highest-stress areas of your roof (the hips and ridges)
- Provide a striking and higher-quality alternative to using cut-up strip shingles as your ridge cap

### Nominal Product Specifications

- 8" (20 cm) exposure
- Approx. 12" (30 cm) wide
- Each bundle covers approximately 20 lineal feet (6 lm)
- 5 bundles cover approximately 100 lineal feet (30 lm)
- 150 pieces per 100 lineal feet (30 lm) of coverage
- UL 790 Class A fire rated
- Meets ASTM D3161 Class F; ASTM D3018 Type1; and ASTM D3462
- CSA A123.5
- Miami-Dade County Product Control approved
- Florida Building Code approved
- ICC-ES ESR-1475

### Multi-Layer Protection For Your Home

## 1. Shingles Installation With Torching Method

In this method, Shingles are pasted over the bituminous underlayment by thermofusing. This method is recommended for Concrete/hard substrates.

- ① Roofing Shingles
- ② APP Membrane
- ③ Bitumen Primer
- ④ R.C.C Slab /  
Any Smooth Surface

## 2. Shingles Installation With Mechanical Fastening Method

In this method, shingles are directly nailed to the surface. This method is recommended for wooden roofs where nails/screws are easily accepted.

- ① Roofing Shingles
- ② Membrane Starter Strip
- ③ Bitumen Primer
- ④ 18mm Board
- ⑤ Nails / Self Tapping Screws
